CONSENT	
I have discussed:	▶ My medical history fully with my practitioner, including side effects of complications of my treatment, relating to these conditions. ▶ Realistic aesthetic expectations with my practitioner. ▶ That the effect of skin rejuvenation treatments can vary from individual to individual. ▶ Preparation and aftercare instructions with my practitioner to gain optimal results from my treatment.
I understand that:	▶ Results cannot be guaranteed and my practitioner will use their best judgement. ▶ My practitioner has explained to me the use of, and indications, for the products I will be treated with. ▶ I have been specifically informed of the following common reactions: redness, swelling, pain, itching, bruising and tenderness at the treatment site. These reactions are mild to moderate and typically resolve within a few days. ▶ The potential side effects, including redness, swelling, bruising, itching, peeling of the skin, blistering, skin shedding and changes in pigmentation. ▶ Repeat treatment will help to maintain the desired correction in the long term.
I am aware that:	▶ The duration of effect of treatment results can be shorter or longer than stated in an individual patient.
I understand that:	▶ Rare risks include: pain, allergy (including anaphylaxis), scarring, hypopigmentation, infection on the skin and skin necrosis.

PATIENT CONSENT FORM

PATIENT STATEMENT	
I am aware that:	▶ The treatment performed and my personal details, any images taken, and clinical notes will be used as part of my medical records. ▶ My practitioner has advised me of the amount of product required and the cost of the treatment, which I have already paid, or will pay immediately after treatment for any additional treatment received.
I agree that:	▶ I have read the above information fully and understand the complications that could occur. ▶ I have had sufficient time for discussion with my practitioner and agree to treatment today. ▶ The information that I have given is to the best of my knowledge correct. ▶ My medical questionnaire is up to date and correct at the time of this treatment. ▶ I am of the opinion that my request for treatment is for medical reasons. ▶ I have expressed my thoughts and feelings to the treating doctor and consent to the treatment for the purpose of restoring and maintaining my health and my psychological well-being. ▶ I hereby consent to the treatment.

AFTERCARE ADVICE

SAMPLE PATIENT AFTERCARE ADVICE

PLEASE NOTE THIS IS TO BE USED FOR REFERENCE ONLY

If trainees use the content of this document, they do so at their own discretion and Harley Academy takes no responsibility for any malpractice or misuse associated.

You may have some discomfort, swelling, redness, peeling of the skin, and bruising around the treatment area(s); this should appear within a few days.

If you notice any areas of skin that become blistered, broken, pale or grey in colour, or if you are experiencing ongoing and worsening pain or swelling, you should seek immediate advice. This could be a sign of an adverse reaction to the treatment.

FOR 24 HOURS

- No touching or rubbing of the skin (this includes facials and facial massage)
- No makeup application
- No excessive exercise or alcohol
- No saunas, steam rooms or swimming pools
- Use fresh, clean pillowcases
- Clean your mobile phone
- Use fresh, clean towels.

FOR 7 DAYS

- No exfoliating skin actives such as acid-based cosmetic products, retinol and scrubs.

FOR 2 WEEKS

- No botulinum toxin treatments
- No prescription skin actives such as benzoyl peroxide, retinoids or topical medications
- No fake tan.

FOR 4 WEEKS

- No filler treatments
- No laser treatments
- No extreme sun exposure.

CONTINUE

- Gentle cleanser
- Moisturiser
- Tyrosinase inhibitors
- SPF
